What is SOUL?

SOUL is a data driven approach intended to make a student's college experience more personal and supportive.

Leading the Nation in Education Innovation

In 2014, Bay Path was one of only 24 US institutions to receive a prestigious FIPSE grant from the US Dept. of Education. This grant has helped us develop SOUL.

Why SOUL?

By pairing analytics with personalized instruction and support services, we can pro-actively respond to a student’s needs to increase her chance of educational success.

Imagine...I had to go to an online college to get personal, individual attention!"
Testimonials

SOUL Connect (EXT097)
“I feel most grateful for the deliberate focus on building a supportive community. I also appreciate the commitment to assuring us that reaching out to ask for help is important.”
- Tracy C., Leadership and Organizational Studies

Accelerated Pace
“I like how my knowledge is tested so that I don’t have to learn information that I already know.”
- Chaya K., Business Analytics

SOUL KP (KnowledgePath)
“KnowledgePath gave me different avenues in which to learn the material.”
- Desiree S., Rehabilitation and Victim Advocacy

SOUL Connect for Educators
“I found particularly intriguing that KP is truly adaptable to the needs of adult students and their diverse learning styles; that immediately accessible data allows students to self-monitor their progress and enables instructors and advisors to intervene proactively; that the Academic Research Collection makes available to both students and faculty a wealth of resources; and that the connection with other social media platforms expands the virtual learning community productively.”
- Eleni H., Adjunct Faculty - English

Wrap-Around Support
“Despite the geographical distance, working with our online students is made possible through the many interactive tools we have at our fingertips. We provide high-touch outreach with the help of the various reports that analyze student data so we can construct intentional advising practices. With such a fast-paced environment, the more proactive we can be with our students, the better chance she has to be positively influenced by our network of support.”
- Alaina B., Assistant Director of Advising and Student Support, TAWC

SOUL Communities
“Can I just say how impressed I am with all of you ladies for choosing to further your education with TAWC! I am SO proud of you all, and myself too! It is a big decision to go back, especially for those of you who have children too. You are all incredible and inspiring. I am so happy to be a part of this journey with you!”
- Kassandra C., Education Studies, peer mentor
